research Network

Scholarship competition for a short research internship in another university

The competition is open to MSc and PhD students of regular Network members. Two (2) scholarships for a maximum of \$ 5,000 each will be offered to support a research internship conducted in a laboratory **from April 1st 2022 to March 31 2023** in a different university than the one where the student is enrolled. The internship must be done during the year of the grant. The scholarship application can be made throughout the year. **The scholarship is awarded to one student per Network member.** The money will be sent to the student.

Required documents in PDF to send to : coordonnateur.rsr@gmail.com:

1. The Common Canadian CV of the student
2. Description of the internship project and the reasons that justify the internship: one page
3. Description of the host environment: one page
4. A letter signed by the research director of the student showing his contribution to the development of the Network.
5. An estimate of the total costs (CDN \$)

Evaluation criteria: The evaluation of the applications will be made according to 3 criteria:

1. The contribution of the director to the development of the Network: /5
2. The student's cv: /5
3. The quality of the host environment and the contribution of the internship in the development of collaboration and the acquisition of new expertise: /5 points

Eligible expenses:

1. Accommodation costs.
2. Travelling costs.
3. Fees for permit and visa.
4. Fees for medical insurance if the internship is done in a laboratory outside Quebec.

Original invoices are required for refund (including boarding pass where appropriate).
